

MASINGITA MUSHWANA

I am a recently matriculated graduate with a passion for psychology and coding. I have strong communication and leadership skills and can work well in a team. I am described as goal-oriented, bubbly and friendly.

EXPERIENCE

Science expo

Royal School Sky City

2024

- Developed the design of a prototype of blue light glasses to alleviate eye strain, headaches, and improve eye health in school children.

Online coding bootcamp

Girls who Code

2025

- Learned foundational skills in HTML, CSS and Python to develop skills in software development, cybersecurity and AI and machine learning.

Technovation Girls

2024 - 2025

- Learned the skills to build an app/website for social good, which aligns with the SDG goals, to better the local community.

CERTIFICATES

AI/ML coding certificate

Kode with Klossy

- Built an image classifier using AI/ML principles alongside skills of HTML, CSS and Python.
