

Londolani Nephawe

SUMMARY

I am an enthusiastic and self-motivated Mechanical Engineering N6 certificate holder with a strong sense of integrity and a hands-on approach to problem-solving. I adapt quickly to technical challenges and am eager to apply my knowledge in mechanical design, maintenance, and manufacturing processes. My studies have equipped me to work well under pressure think analytically. I am committed to continuous learning and ready to contribute meaningfully within an engineering environment, supporting the organization's goals while growing professionally in the field.
