California Matsane

PRODUCTION & MAINTENANCE PROFESSIONAL

Experienced in production operations, equipment refurbishment, quality control, warehouse support, and preventive maintenance, with a strong commitment to safety, reliability, and continuous improvement.

EXPERIENCE

REFURBISHER MANGANESE METAL COMPANY

2023–2024

Inspected, diagnosed, and repaired mining equipment and components; performed preventive maintenance and metal fabrication, including cutting, bending, and welding. Operated workshop machinery safely, maintained job cards and material records, complied with HSE requirements, and supported timely project completion.

FACTORY WORKER MPACT CORRUGATED

2022

Operated production machinery, assembled and inspected products, performed routine equipment checks, and reported faults. Packed, labelled, loaded, and moved finished goods safely while following quality, safety, and environmental procedures and supporting daily production goals.

FACTORY WORKER AMBASSADOR FOODS

2019–2020

Performed product inspections and quality checks, prepared and packed customer orders, applied shipping labels, and completed inventory documentation. Used warehouse equipment safely, tracked stock movements, supported fulfilment and dispatch targets, and maintained safety, hygiene, and quality standards.
