📍 18741 Boitekong Ext 8
Rustenburg North West

PROFILE

Dedicated Electrical Engineering student specializing in Heavy Current, holding a National Certificate N3,N4 , N5 and N6 in Electrical Engineering. Possesses a strong theoretical foundation in Power Systems, Electrical Machines, Power Distribution, Protection Systems, and Industrial Electronics, with a solid understanding of SANS regulations, fault finding, and electrical safety principles. Eager to apply academic knowledge in a practical, hands-on environment including installations, maintenance, and troubleshooting of heavy current systems. Known as a hardworking, safety-conscious, and quick-learning individual with strong problem-solving skills. Seeking an in-service training, learnership, or entry-level opportunity to contribute to a dynamic engineering team while gaining valuable industry experience.

EDUCATION

Electrical Engineering

08/2026

South West Gauteng College

National N6 Certificate

National Senior Certificate

06/2021

Protea Glen Secondary School

WORK EXPERIENCE

Munya Electrical Services (Pvt) Ltd

04/2026 - 05/2026

Volunteer

Assisted with installation, testing, and fault finding of electrical circuits and control panels. Performed continuity and insulation resistance tests using multimeters and meggers. Applied SANS 10142 safety standards and followed site PPE protocols. Gained practical exposure to industrial electrical systems and teamwork.
