PROFESSIONAL PROFILE

Motivated and dedicated Civil Engineering candidate with an N6 qualification from Port Elizabeth TVET College and practical construction experience gained through in-service training with WBHO Construction. Experienced in assisting site engineers and surveyors, conducting site measurements, taking levels, setting out and as-built activities, as well as assisting with quantity surveying measurements, take-offs and subcontractor payment certificates.

A hardworking and adaptable individual with strong teamwork, communication, problem-solving and time-management skills. Seeking an opportunity to further develop my technical skills and contribute effectively to construction and civil engineering projects.

EDUCATION

N6 Civil Engineering

Port Elizabeth TVET College - Iqhayiya Campus
