

BOKAMOSO TEARS MATHIBE

Soshanguve East, 0152 | 081 550 6313 | bokamosotearsmathibe@gmail.com

PROFILE

Final-year Software Development student at Alpvest Institute, pursuing an Occupational Certificate in Software Development (NQF Level 5). Building foundational Python programming skills and developing knowledge of web technologies and SQL. Also developing a freelance social media management service, which has helped me practise initiative, communication and planning. Seeking a software development internship or junior opportunity where I can learn from experienced developers, contribute to a team and grow my practical skills.

TECHNICAL SKILLS

Programming	Python (foundational; currently learning)
Web development	HTML and CSS; JavaScript basics
Databases	SQL fundamentals; database normalisation (1NF–3NF)
Digital tools	Microsoft Word, Excel, Canva and internet research

EDUCATION

Alpvest Institute — Occupational Certificate in Software Development, NQF Level 5 — Final year, 2026

Soshanguve East Secondary School — National Senior Certificate (Grade 12), 2021

TRAINING & CERTIFICATES

- Cisco Networking Academy — Python Essentials
- CodeX Academy — Software Development Certificate
- Foundations in Computational Thinking — Certificate
- Code Basics: Building Blocks of Coding (JavaScript) — Certificate

ENTREPRENEURIAL EXPERIENCE

Founder — 1509 Social (in development)

Developing a freelance social media management service focused on artists and creators. Currently building the service and seeking clients; preparing service offerings and learning how to support clients' social media presence.

CORE SKILLS

Communication and teamwork • Problem-solving and analytical thinking • Reliability, responsibility and willingness to learn • Planning and organisation • Sales and money-handling experience
