Completed

PROFESSIONAL EXPERIENCE

General Worker / Cleaner & Sports Event Assistant Melpark Primary School

Facility Operations

- Maintained high standards of hygiene and cleanliness across school buildings, classrooms, and outdoor grounds.
- Assisted groundskeeping staff with routine facility repairs, building upkeep, and property maintenance.
- Handled physical venue setup, equipment setup, and logistics transport for learner sports events and extra-curricular activities.
- Managed safe waste collection, cleaning material restocking, and daily campus hazard inspections.

General Labourer / Construction Worker Lundstar Waste Management & Ngutyana Waste Management

Site & Waste Logistics

- Executed heavy manual labour including earth removal, trench digging, and site clearing for infrastructure projects.
- Supported pipeline installation tasks, site leveling, and general civil construction duties.
- Collected, sorted, loaded, and safely disposed of general and hazardous site waste following company compliance standards.
- Operated manual construction tools safely on busy, physical operational sites.

Mechanic Assistant Siya's Mechanic Workshop

Mechanical Maintenance

- Assisted senior mechanics with diagnostic troubleshooting, vehicle repairs, and routine engine servicing.
- Supported the replacement of worn vehicle components, fluids, filters, and mechanical parts.
- Maintained tool room inventory, cleaned mechanical machinery, and ensured workshop health and safety compliance.

Operational Strengths & Driving Readiness

Holding a valid Code 10 Driver's Licence alongside ongoing academic studies in Transportation Management positions me to effectively handle transport, logistics coordination, site supply deliveries, and general operational duties.
