PROFESSIONAL PROFILE

Recent Bachelor of Science graduate specialising in Forensic Science with a strong academic foundation in criminal investigation, forensic analysis, evidence handling, human anatomy, and anthropological studies. Through academic training, I developed practical laboratory skills including cadaver dissection, anatomical identification, and evidence-based analysis. Although I do not yet have formal work experience, I bring strong analytical thinking, attention to detail, integrity, and a willingness to learn. I am seeking an entry-level opportunity where I can gain practical experience and contribute positively to the organization.

EDUCATION

University of the Free State
Bachelor of Science (BSc) in Forensic Science – Completed 2025

Mount Ernestina Combined School
National Senior Certificate (Grade 12) – Completed 2021
