Profile

Goal driven, motivated and hardworking Grade 12 graduate with strong communications, teamwork and problem-solving skills developed through academic studies. Through Computer Applications Technology I developed strong computer literacy skills and gained customer service and communication experience through previous work experience. I completed the Big 5 Safety Training through Funda Institute covering Legal Liability, Hazard Identification and Risk Assessment, Basic Fire Fighting and Working at Heights. I'm able to work well independently and as part of a team. I'm willing to learn and adapt to new environments. I'm seeking an opportunity to gain practical work experience and contribute to the organisation's success.
