Vosloorus, Gauteng, South Africa | 076 026 9089 | khulekanimajozi323@gmail.com

PROFESSIONAL PROFILE

Motivated 2025 Technical Matric graduate seeking an opportunity to begin a professional career through an apprenticeship, learnership, youth employment programme, trainee programme or entry-level position. Strong interest in technical, engineering, manufacturing, production, operations, warehouse and practical work environments. A reliable and hardworking candidate with a positive attitude, willingness to learn, safety awareness, teamwork skills and the ability to follow instructions and workplace procedures. Eager to gain practical experience, develop industry skills and contribute to a reputable organisation.

CAREER OBJECTIVE

To obtain a suitable entry-level opportunity where I can apply my Technical Sciences knowledge, receive structured workplace training and develop practical skills while contributing positively to the organisation. I am willing to learn new processes, work as part of a team, follow safety and quality requirements, and take responsibility for assigned duties.

EDUCATION

Lethulwazi Comprehensive Secondary School
National Senior Certificate / Grade 12 – Technical Matric

2025
Completed

TECHNICAL & CAREER INTERESTS

- Apprenticeships and artisan development programmes
- Engineering and technical trainee opportunities
- Manufacturing and production operations
- Plant, workshop and maintenance environments
- Warehouse, logistics and general operations
- Youth employment, learnership and workplace development programmes

CORE COMPETENCIES

- Willingness to learn and develop
- Teamwork and cooperation
- Problem-solving and practical thinking
- Quality-conscious approach
- Adaptability
- Physical readiness for practical duties and extended standing
- Safety awareness and procedure compliance
- Following instructions
- Reliability and punctuality
- Communication and active listening
- Ability to work independently with guidance
- Basic computer and Microsoft Office familiarity

RELEVANT STRENGTHS

- **Technical interest:** Interested in technical subjects, engineering, practical work and learning how equipment and processes operate.
- **Work ethic:** Ready to learn, accept responsibility and complete assigned tasks carefully.
- **Safety:** Understands the importance of PPE, housekeeping, safe working practices and following site rules.
- **Teamwork:** Able to cooperate with colleagues, receive instructions and support team objectives.
- **Adaptability:** Open to training, shift work, new departments and suitable work environments.

EXPERIENCE

Entry-Level Candidate / Recent Matric Graduate | 2025–Present

Seeking a first long-term workplace opportunity and structured practical training. Ready to transfer school-based technical knowledge into a professional environment while learning company procedures, equipment requirements, quality standards and occupational health and safety practices.
