PROFESSIONAL SUMMARY

A resilient and values-driven 22-year-old Chemistry student from North-West University with strong interpersonal ,analytical and critical communication skills, currently on a financial gap year. I am a dedicated, adaptable, and Christ-centered individual with a strong academic record from Matric to 3rd-year university level. While I have no formal workplace experience, I have gained practical skills through university laboratory work and community volunteering in administration and caregiving. I have gained hands-on experience in attention to detail, accurate record-keeping, teamwork, and compassionate service

EDUCATION

2025- Bachelor of Science in Chemistry

NORTH-WEST UNIVERSITY

Completed extensive laboratory practicals: safety, handling chemicals, precise measurements, data recording & analysis

2021- National Senior Certificate

TANDUKWAZI
SECONDARY SCHOOL

Impressive, strong academic performance

VOLUNTEER WORK

2023 – 2025

Laboratory experience- North West University

- Conducted chemical experiments following strict safety protocols
- Developed attention to detail, analytical and critical thinking
- Accurate record-keeping and report writing
- Teamwork in a lab environment

2021- 2025

Khuluma Disability Network

- Assisted as a caregiver, general assistant, administration
- Demonstrated the willingness to serve in any department and adapt quickly
